

# MIND MAPPING MY ARTWORK

Creating An Artistic Portfolio - Adult General Interest Program - Orleans Campus

What are topics and theme in my current artwork?

What is one aspect of that path, I want to be on, as an artist could I research or find out more about by next week?

Where do I aspire to be going with my artmaking?

What is the style or styles in my current artwork? The look, the style?

What art media, techniques, do I tend to concentrate on, at present.

Is my art path - what roles does my artmaking play in my life at present? ie. Why Make Art
